What is Campus Spotlight?

Does your school have some awesome Reacting stories? Well, we want to show them off!

With our new Campus Spotlight features, you can see how our consortium member institutions are revolutionizing higher education, one classroom at a time.

The stories are posted on our website, reacting.barnard.edu

How does my school get featured?

We feature schools of all kinds: small, large, public, private - you get the idea.

All current Reacting Consortium institutional members are invited to reach out with impactful stories, photos, and videos to share.

Contact us via email at reacting@barnard.edu with your story!
